

2010 CALENDAR

一起远走高飞 桌历

Everyone sees the same sunset and yet the same sunset differs in the eyes of the beholder. A real traveler sees not only with his eyes, but also with his heart.

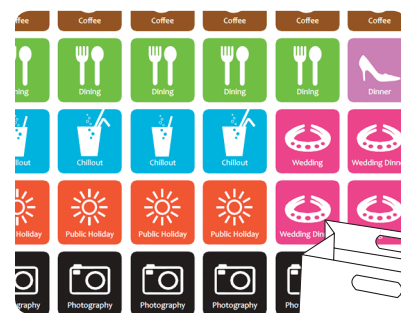

Into the Far Away Land

A calendar by a *real* traveler | seemingphoto.com

A beautiful year 2010 desktop calendar designed by Seeming, featuring select pictures taken by Seeming during his various journeys. The clean layout and design make the calendar visually appealing and easily fits into every desk at home or office. Printed on quality paper and spot coated with UV lamination to give a vibrant finishing on the pictures.

Every calendar comes with a set of eye-catching stickers, for you to mark important dates in 2010, be it someone's birthday, weddings, your travel plan, dinner dates, etc. Stickers labeled as 'Public Holiday' give you the option to 'customize' the calendar to your country's national holidays. That's not all, each calendar comes with a matching elegant paper bag, making it a perfect gift item for New Year!
